

## Other Custom Made Earmould Options from GN Hearing:

### Music HearSavers

Great for music lovers. Protects your hearing without distorting the quality of the music.

#### Suitable for:

Music lovers / Sound crews / DJ's / Bands / Orchestras / Concert goers / Night club staff and patrons

### Solid HearSavers

Great for industrial workers, builders and construction workers, military and aircraft operators, for concert goers. Solid HearSavers are designed to eliminate outside noises and assist in reducing environmental noise.

### Water Protectors

Great for swim schools and surfers. Protect your ears from water and infection by keeping them dry while you are in the pool or ocean. Available in a range of fun colours.

#### Suitable for:

Swimmers / Surfers / Those with a history of ear infections / Anyone with ruptured eardrums

**All GN Hearing Custom Products are made to fit your individual ear canal shape, thus making them comfortable to wear. Our products come with a 3-month warranty.**

GN Hearing provides excellent sound by offering innovative hearing solutions that combine original thinking and design with solid technology – all based on deep audiological insight and a profound understanding of users.

GN Hearing offers a wide range of advanced hearing devices, protective hearing solutions and wireless hearing aid accessories.

Sleep soundly with GN Hearing

# Sleep Plugs

GN Hearing Sleep Plugs can be a useful solution. Even if you would just like some peace and quiet while traveling, custom-tailored Sleep Plugs will do the trick.

Sleep Plugs are designed to assist you sleeping in challenging situations. Sleep Plugs made for your ears will increase the comfort level to handle long-term challenging conditions, but will not offer any additional sound reduction qualities over off-the-shelf solutions.

One of the most challenging situations is overcoming a partner snoring. Please test the off-the-shelf solutions and if they don't meet your expectations, then look to a fully customised solution.

GN Sleep Plugs can be tailored to everyone's needs

GN Hearing Custom made Sleep Plugs are designed to assist in reducing environmental noise. Below is a guide to general environmental noise levels that could disturb your sleep.

## Environmental Noise

Weakest Sound Heard	0 dB
Clock Ticking	40 dB
Birds Singing	40 dB
Level at which distraction can occur	45 dB
Air conditioning	50 dB
Normal Conversation	65 dB
Alarm Clock	80 dB
Airplane Cabin	90 dB
Dog Barking	95 dB
Snoring	95 dB
Train or Subway	95 dB
Loud Street Noise	100 dB

## Colours available\*

\*Colour choice might be limited, depending on material type.

If you feel that you could benefit from the use of Sleep Plugs talk to your Hearing Care Professional.
